ambra

Is a beautiful and poetic way to combine two materials as the cantera and copper in one piece, creating different visual levels in a simple and modern object. The subtle shape of Ambra creates contrast and at the same time a perfect balance with the visual weight of the Cantera.

Ambra has a timeless style which fits perfectly in any environment creating a dramatic light cone.

please note: Lead times are subject to change. Variations in colour, shade, surface texture and size are natural characteristics of handmade products and should be expected. Images shown are representative, but may not indicate all variations in these characteristics.
