NYX

NYX is with its irregular glass surface and the edges of the metal shade a game of reflections. Because we use 100% recycled glass and this creates an uneven surface with surprisingly tiny air bubbles enclosed inside the material that create a charming light effect.

Available as single pendant & chandelier

please note: Lead times are subject to change. Variations in colour, shade, surface texture and size are natural characteristics of handmade products and should be expected. Images shown are representative, but may not indicate all variations in these characteristics.
